Mou5ZyZZ knows what it takes to create punchy, yet immersive tracks, which offer a big, cinematic soundscape. The opener, "Surrender" immediately sets a very high bar with its huge distorted bass stabs, percussion tones, and punchy electronic drums. Each track has something special to offer and the stylistic variety on this album is Notable.

The track "Move Around" in particular brings some techno and deep house vibes to the table while staying true to Mou5ZyZZ's Kaleidoscopic variety of styles.

"Let's Escape Reality" stays true to its title, as it provides a more Enticing and Ambient-driven tone, with a huge Crescendo, and even some subtle Dubstep, glitch influences here and there adding to his record label collection @ MOU5 CHEE5E RECORDS.
