

Rajiv K. Aggarwal, MD, a Neurologist with Minneapolis Clinic of Neurology

Get to know Neurologist Dr. Rajiv K. Aggarwal, who serves patients in Minneapolis, Minnesota.

New York City, New York Mar 12, 2024 ([IssueWire.com](https://www.issuewire.com)) - A seasoned neurologist, Dr. Aggarwal is affiliated with the Minneapolis Clinic of Neurology in Minnesota. He specializes in headaches, dizziness, Botox therapy, and sleep medicine, bringing a comprehensive approach to diagnosing and treating neurological conditions.

In his practice, he fosters a collaborative relationship with his patients, emphasizing their active participation in healthcare decision-making. He believes in empowering patients through education, encouraging them to understand their conditions and ask questions, thus enabling them to take control of their health journey alongside him.

Driven by a genuine desire to serve, Dr. Aggarwal finds great fulfillment in seeing his patients improve and regain their quality of life. He maintains close communication with referring physicians to ensure seamless coordination of care, prioritizing his patients' holistic well-being.

In regards to his educational background, he received his medical degree from Armed Forces Medical College in Pune, India, followed by rigorous training in neurology at reputable institutions in both India and the United States. He completed his residency in neurology at the Wayne State University / Henry Ford Health Sciences Center in 1999.

As a testament of his continued education, the doctor is board-certified in neurology by the American Board of Psychiatry and Neurology (ABPN). The ABPN is a not-for-profit corporation dedicated to serving the professions of psychiatry and neurology.

On a professional level, Dr. Aggarwal is an active member of the American Academy of Neurology, the American Headache Society, the American Academy of Sleep Medicine, the Minnesota Medical Society, and the Ramsey County Medical Society.

Neurology is a branch of medicine dealing with disorders of the nervous system. Neurologists are licensed medical specialists who diagnose and treat disorders that affect the brain, spinal cord, nerves, and muscles of patients. A child neurologist, or pediatric neurologist, is a doctor who treats children who have problems with their nervous system. Problems in the nervous system can start in the brain, spine, nerves, or muscles. These can lead to problems such as seizures, headaches, or developmental delays.
