

Andrew Afton Makes History: 1st American Artist to Dominate iTunes Charts in Nigeria with New Single

Los Angeles, California Apr 19, 2024 (Issuewire.com) - Emerging American recording artist Andrew Afton has shattered records, securing the top two spots on the iTunes charts across all genres and in the Christian category in Nigeria, surpassing industry giants like Ed Sheeran, Nicki Minaj, and Rihanna. Afton's inspirational single, "Stronger", released this Easter, soared to No. 1 in Germany, France, Belgium, and the UK, capturing hearts globally with their uplifting messages. Now "Holy Spirit (You are with Us)" is following close behind.

A cancer survivor, Afton brings a powerful testimony to his music, infusing every note with resilience and hope. His infectious energy and captivating performances have garnered attention worldwide, establishing him as a dynamic crossover artist in the Christian music scene.

With his unprecedented success, Andrew Afton proves that his music transcends boundaries, resonating with audiences of all backgrounds. Don't miss the opportunity to experience the groundbreaking talent of Andrew Afton. Witness history in the making and embrace the spirit of his music today.
