HOW *THE BOOK OF MORMON* CAME TO PASS

THE SECOND GREATEST SHOW ON EARTH

LARS NIELSEN

Salt Lake City, Utah Apr 12, 2024 ([Issuewire.com](https://www.issuewire.com)) - Barnes & Noble is thrilled to announce the release of "How The Book of Mormon Came to Pass: The Second Greatest Show on Earth" by Lars Pauling Nielsen (ISBN-13: 9798990232112). This groundbreaking work challenges traditional narratives surrounding the origins of The Book of Mormon, offering fresh insights and compelling evidence that reshape our understanding of its authorship.

The Book of Mormon, first published in 1830, has long been a subject of fascination and debate among historians and apologists. Nielsen's meticulous research uncovers hidden details within the text, shedding light on previously unexplained features and inconsistencies. Through the lens of "Kircherisms," a new class of anachronisms in The Book of Mormon, Nielsen unveils a wealth of intriguing evidence that has never been explored before.

In "How The Book of Mormon Came to Pass," Nielsen presents a comprehensive framework for evaluating prior authorship theories, ultimately offering a compelling explanation for the origins of this seminal text. From the origins of characters' names to the curious artifacts described within its pages, Nielsen's analysis challenges conventional wisdom and invites readers to reconsider long-held beliefs (<https://www.howthebookofmormoncametopass.com>).

However, Nielsen offers a trigger warning for his work: it is not intended for true-believing Mormons (TBMs). Recognizing the potential for cognitive dissonance and faith crisis, Nielsen advises readers to have a robust support system outside of the Mormon church before delving into his book.

"We are excited to present Lars Pauling Nielsen's groundbreaking work to our readers," said a spokesperson for Barnes & Noble. "His meticulous research and fresh perspective offer a compelling new understanding of The Book of Mormon's origins, making this a must-read for anyone interested in religious history."
