Udaipur, Rajasthan Apr 6, 2024 ([Issuewire.com](https://www.issuewire.com)) - **About Beyoung: A Leading Online Clothing Shopping Site in India**

Founded in 2018 by four visionary entrepreneurs - Shivam Soni, Shivani Soni, Sakshi Soni, and Shankar Mali - Beyoung has become one of the best clothing brands in India. They established the

brand to make fashion accessible to all and embarked on a mission to provide affordable and trendy clothing.

They noticed big fashion brands only cared about big cities, leaving smaller places out. So, they decided to fill that gap by creating Beyoung, an online store where anyone, anywhere in India, could get trendy clothes at affordable prices.

Beyoung's journey from startup to fashion powerhouse is marked by relentless innovation and customer-centricity. With a modest team at the start, it is now a strong team of 200+ fashion enthusiasts. Recent funding from the Royal Family of Abu Dhabi underscores its readiness for global competition, having delivered over 3 million orders nationwide in just six years.

What Makes Beyoung Worth Considering Over its Competitors?

In this short span, this [online clothing site in India](#) has successfully served Indian youth by supporting their fashion dreams and providing them with the latest and trendy fashion.

This leading online clothing store, right from the start of its journey, understood the pulse of its target customers and worked on ways to fulfill their demands. The Indian youth wants pocket-friendly and trendy fashion, and Beyoung does exactly that!

Benefits of Buying from Beyoung

Beyoung, since its inception, has disrupted the fashion e-commerce industry. This fashion clothing store emphasizes the quality of materials it uses and the quality of the fashion products it sells in the market.
