

CameraCares Photography Mentorship Program Empowers Through Lens

Learn more about the upcoming CameraCares 2024 Exhibition of Photography event via Richard Liebowitz!

New York City, New York Apr 16, 2024 ([IssueWire.com](https://www.issuewire.com)) - As the bustling streets of New York City continue to echo with the diverse stories of its inhabitants, the [CameraCares Photography Mentorship Program](#) gears up for its annual showcase, the 2024 Exhibition of Photography. Scheduled for Saturday, April 20th, from 2:30-4:30 pm, this event promises to be a celebration of creativity, resilience, and community at the Bowery Mission headquarters, located at 227 Bowery, New York, NY 10002. Admission is free, welcoming all to witness the transformative power of visual storytelling.

Richard Liebowitz, founder and director of the program, expressed his enthusiasm for this year's exhibition, stating, "Last year's program opened our eyes to the untapped potential and unique perspectives of those in our community facing challenges." Reflecting on the program's ethos, Liebowitz emphasized, "Photography is not just an art form; it's a voice, a way to connect, and a skill that can open doors to new opportunities."

The CameraCares Photography Mentorship Program, in collaboration with the New York Press Photographers Association and the Bowery Mission, continues its mission of empowerment. Through mentorship and guidance, individuals from diverse backgrounds are equipped with the tools and skills to articulate their narratives visually. Liebowitz remarked, "This year, we're excited to showcase the growth and creativity of our mentees at the 2024 Exhibition of Photography."

At the heart of the program lies a commitment to fostering both personal and professional growth. Liebowitz elaborated, "Through the CameraCares Photography Mentorship Program, we aim to empower individuals to capture their world with authenticity and insight." He added, "We believe everyone has a story to tell, and through this program, we're helping them find their voice and share it with the world."

The exhibition serves as a platform for mentees to showcase their journey and artistic endeavors. Attendees can expect to witness a diverse array of perspectives, each encapsulated within the frames captured by mentees. From the hustle of city life to moments of quiet introspection, the photographs on display offer a glimpse into the rich tapestry of human experience.

The 2024 Exhibition of Photography invites the public to engage with the transformative potential of photography. As Liebowitz emphasized, "This year's exhibition is a testament to the resilience and creativity of our mentees. It's a celebration of their journey and the power of visual storytelling to transcend barriers."

During the exhibition, attendees will have the opportunity to purchase photos. The proceeds of these sales will go directly to the mentee.

Join us on Saturday, April 20th, as we come together to celebrate the power of photography to inspire, empower, and unite. Admission is free, and all are welcome to witness the stories captured through the lens of the CameraCares Photography Mentorship Program.
