

Ken Kremsky's Dedication Allowed Him to Achieve a Lot in His Professional Career

This Press Release is written to inform the readers that Ken Kremsky's dedication allowed him to achieve a lot in his professional career.

Philadelphia, Pennsylvania Apr 9, 2024 ([IssueWire.com](https://www.issuewire.com)) - In his previous role as finance lead, [Ken Kremsky](#) conducted financial analysis for the Kraft Austerity Team, helping them to accomplish their targets of a 15% reduction in fixed expenses and a 5% decrease in losses on raw and packaging materials. His twenty plus years of experience working in both finance and process control adds to his professional knowledge. He has been helping his clients save millions of dollars annually. His most recent accomplishment as finance manager is that he has helped his customer save \$75 million a year.

Ken's areas of expertise include financial planning and analysis, using SAP, strategy, forecasting, financial reporting, project management, productivity enhancements, cross-functional team leadership, operations, business metrics and benchmark-checking, internal controls, and manufacturing finance.

In his capacity as the former Strategic Analysis Manager and Controller at Kraft Foods Group, **Ken Kremsky** oversaw all aspects of the facility's accounting operations, including creating the yearly operating budget, guaranteeing Sarbanes Oxley compliance, and managing internal and external audits. He also oversaw the SAP Catalyst Implementation Team's finances.

Concerning Kenneth Kremsky

Ken Kremsky, who is currently employed as a consultant for a private equity firm, helps with the A2R process for the company's acquisition and introduces new ERP accounting software. In the past, he filled in for Interstate Brands Corporation as an Associate Controller. He started acting as Nabisco Inc.'s director of cost accounting in 1999 and remained there until 2005. Kenneth began working for Kraft Foods Inc. as a controller in 2005.
