

Lucida from Allied BizTech: Streamlining Global Talent Acquisition for Developed Economies

Finding the ideal balance between cost & quality in talent acquisition is an ongoing concern. In-house recruitment efforts prove expensive & time-consuming, while expanding operations internationally presents its own logistical and legal challenges.

Chennai, Tamil Nadu Apr 13, 2024 ([Issuewire.com](https://www.issuewire.com)) - Companies in developed economies in the US, UK, Australia, and UAE face the ongoing challenge of acquiring top-tier talent while maintaining cost-effectiveness. Allied BizTech's AI-powered solution, Lucida, and their managed services approach address these pain points.

The Challenge: Balancing Cost and Talent in Developed Markets

Finding the ideal balance between cost and quality in talent acquisition is an ongoing concern. In-house recruitment efforts can prove expensive and time-consuming while expanding operations internationally presents its own logistical and legal challenges.

The Lucida & Allied BizTech Advantage:

Lucida: This advanced AI platform, developed by Allied BizTech, offers access to a vast, pre-vetted database of Indian talent.

Key stats:

- **25,000+ Actively Seeking Professionals:** Tap into a dynamic pool of individuals across

technical, creative, and business domains.

- **150+ Specialized Skill Sets:** Find individuals with niche expertise, from cutting-edge software development to data science and digital marketing.
- **Diverse Experience Levels:** Source talent at various stages, from rising stars with 2-5 years of experience to seasoned experts with 10+.

Allied BizTech: As a managed service provider, Allied BizTech leverages Lucida's talent matching capabilities to deliver a complete hiring solution. They handle the intricacies of recruitment, onboarding, payroll, and other essential HR functions, allowing companies in developed economies to:

- **Reduce Costs:** Access premium Indian talent at competitive rates, minimizing expenses associated with traditional in-house recruitment or overseas expansion.
- **Enhance Efficiency:** Focus on strategic business objectives while Allied BizTech manages the entire HR and recruitment process.
- **Flexible Scaling:** Effortlessly adjust workforce size to meet evolving business needs, without navigating long-term contracts or managing physical office space in India.

Success Story:

"Integrating Lucida and Allied BizTech into our global hiring strategy has been immensely beneficial. Lucida's vast talent pool and precision matching have allowed us to find developers with highly specific skills. Allied BizTech's managed services model streamlines the entire process, saving us valuable time and resources." – Niel Davis, Michigan eBikes
