

Military Friendly® Announces 2024 Employee Veteran Leadership Awards

Pittsburgh, Pennsylvania Apr 29, 2024 ([Issuewire.com](https://www.issuewire.com)) - Military Friendly® proudly announced the 2024 Employee Veteran Leadership Awards, which honor US military veterans who excel in their careers.

The 2024 list features 40 veterans who demonstrate the finest qualities of our nation's military, including leadership, teamwork, discipline, determination, adaptability, a strong work ethic and a never-quit attitude.

"Too often America only hears about the negative challenges associated with military service. These veterans personify those who are better for their service, who leverage their military training and experience to thrive as civilian employees," said Dan Fazio, awards program manager. "We are honored to spotlight these veterans who bring excellence to their organizations."

The 2024 Employee Veteran Leadership Awards honorees will be featured in the June issue of *G.I. Jobs* magazine, a print and digital publication distributed globally to transitioning service members, veterans and their families.

This year's award winners are:

Justin Maunz, Safespill

About Military Friendly®

The Military Friendly® ratings program was started in 2003 as an advocacy vehicle to encourage civilian organizations to invest in programs to recruit, retain and advance veterans as employees, entrepreneurs and students. By providing a benchmark to aim for, by posting a “score,” this program has encouraged civilian organizations to help veterans thrive in the civilian workforce. We believe that this is the very cornerstone of creating sustainable civilian opportunities for veterans.
