

Northwest Rehab Group Launches Personalized Orthotics Services for Enhanced Mobility in Vancouver

Vancouver, British Columbia Apr 12, 2024 ([IssueWire.com](https://www.issuewire.com)) - Northwest Rehab Group, a leader in physiotherapy and chiropractic care, is proud to announce the expansion of its services with the introduction of personalized orthotics. This new service is designed to support and enhance mobility for individuals experiencing foot, knee, and back discomfort.

The orthotics services at [Northwest Rehab Group](#) are tailored to meet the specific needs of each patient, employing the latest in biomechanical assessment technology. We work closely with physiotherapists and chiropractors to ensure that each orthotic device is perfectly suited to the individual's physiological requirements and lifestyle.

"Proper foot alignment is crucial for overall body health. Our custom orthotics not only help in alleviating pain but also in preventing future injuries," says Dr. Minh Nguyen, lead chiropractic at Northwest Rehab Group. According to recent studies, correctly fitted orthotics can significantly reduce lower back pain and improve posture.

The clinic's state-of-the-art facility features advanced gait analysis tools that assist our healthcare professionals in diagnosing and treating conditions related to improper foot mechanics. Patients receiving orthotic care at Northwest Rehab can expect a comprehensive service that includes assessment, fitting, and follow-up adjustments.

Northwest Rehab Group is a premier physiotherapy and chiropractic clinic located in the heart of

Vancouver, BC. Dedicated to providing the highest standard of care, Northwest Rehab offers a range of services aimed at promoting optimal health and wellness.
