

Renowned Dermatologist Christine Kannler, MD, MPH Journey to Excellence

Dedication, Expertise, and Compassion Define Dr. Kannler's Career in Dermatology

New York City, New York Apr 15, 2024 ([Issuewire.com](https://www.issuewire.com)) - A devoted dermatologist, Dr. Kannler has established herself as a leading expert in Mohs Micrographic surgery at Northeast Dermatology Associates, serving patients in North Andover, Massachusetts.

Her impressive career trajectory began during her college years when she was accepted into the

MMEDIC program as a sophomore, leading to early acceptance into Boston University Medical School. Graduating with dual degrees in medicine and public health in 2000, she went on to become board-certified in internal medicine, dermatology, and Mohs micrographic surgery solidifying her expertise.

Throughout her career, Dr. Kannler has been actively involved in professional organizations such as the American Academy of Dermatology, the American Society for Dermatologic Surgery, and the American College of Mohs Micrographic Surgery and Cutaneous Oncology. Her dedication to advancing the field of dermatology is evident through her participation in various AAD Task Forces and leadership roles within the organization.

Moreover, her expertise in Mohs Micrographic surgery has been honed through years of experience and a prestigious fellowship with Dr. Donald Grande, a renowned Mohs surgeon. Having performed thousands of Mohs Micrographic surgery cases, her surgical skills and precision have earned her a reputation as a leading expert in the field.

Not only a distinguished practitioner, Dr. Kannler has also been recognized for her pro bono work screening over 5,000 Massachusetts firefighters and 1,100 national firefighters for skin cancer. She has lectured nationally to advocate and to educate firefighters, medical providers, and the legislature about the increased risk of occupational cancer in the fire service. She has been awarded the American Academy of Dermatology Presidential Citation Award, the Massachusetts Stephen Coan Fire Marshal Award, the Boston University College of Arts and Sciences Distinguished Alumni Award, the Professional Firefighters of Massachusetts Appreciation Award, and Top Doctor of Massachusetts Award for her efforts. Her advocacy inspired the American Academy of Dermatology to implement a national skin cancer screening program for firefighters in 2024.

Beyond her professional achievements, she is a devoted mother who enjoys spending time with her family, traveling, hiking, and reading. Her compassionate nature and dedication to her patients are reflected in her approach to care, ensuring that each individual receives personalized and effective treatment.
