

Rural Health Champion, Eric S. Skoblar, MD, Revolutionizes Healthcare with Innovative Telehealth Solutions

A Top Doctor in California and Maine

New York City, New York Apr 4, 2024 ([Issuewire.com](https://www.issuewire.com)) - Dr. Eric Skoblar, MD, is a dedicated family physician with a specialization in rural/remote practice models and clinical support systems. He is making waves in the healthcare industry with his pioneering work in Telehealth programs.

Dr. Skoblar is a family physician working on a project in Maine, focusing on providing healthcare

services to underserved populations, including refugees.

Based out of San Diego, California and affiliated with Virtualz Care in Sarasota, Florida, Dr. Skoblar has dedicated the past four years to collaborating with 638 designated Indian Health Service Facilities to implement Telehealth programs that revolutionize healthcare delivery. His expertise lies in bringing Medical and Surgical Specialty services directly into clinics, supporting primary care providers, enabling in-house consultations, and reducing barriers related to time, distance, and communication. Moreover, his focus on program and policy development has been instrumental in promoting compliance, supporting Managed and Referred Care oversight, and working towards reducing disparities in health equity.

As a valued member of the Virtualz Team, Dr. Skoblar has played a crucial role in enhancing access to care for underserved populations, including Home Health, Wound Care, Home Health Provider support and reimbursement, 24-hour Nurse Triage Access, and cutting-edge Remote Patient Monitoring Services. By extending the scope of care, he empowers community health centers to offer comprehensive services that were once exclusive to larger multispecialty healthcare systems.

Dr. Skoblar's educational background is a testament to his commitment to excellence in healthcare. He earned his Medical Degree from Wright State University Boonshoft School of Medicine, graduating in the class of 2001. He then went on to perform his residency in family medicine and his fellowship in sports medicine at the University of California (San Diego) Medical Center in 2004 and 2005, respectively.

Board-certified in family medicine, with a specialization in sports medicine, Dr. Skoblar is recognized as a Diplomate of the American Board of Family Medicine (ABFM). The ABFM is a non-profit, independent medical association of American physicians who practice in family medicine and its sub-specialties.

In conclusion, Dr. Eric Skoblar's innovative approach to healthcare delivery through Telehealth programs is transforming the landscape of rural and remote healthcare. His dedication to promoting access to care, reducing disparities, and enhancing clinical support systems truly sets him apart as a driving force for positive change in the healthcare industry.
