

Advanced Strut: Leading the Way in Cable Reticulation Solutions

Cape Town, Western Cape May 13, 2024 ([Issuewire.com](https://www.issuewire.com)) - Advanced Strut, a prominent name in the cable reticulation and support system solutions sector, celebrates over a decade of excellence since its establishment in 2012. With a steadfast commitment to providing top-quality products at competitive prices, Advanced Strut has solidified its position as a trusted supplier to customers across South Africa and its neighbouring countries.

As a level 2 BBBEE owner-managed business, Advanced Strut leverages over two decades of industry-specific knowledge to deliver unparalleled service to our diverse clientele. From inception, our company's mission has been clear: to offer superior advice, products, and services tailored to meet the unique needs of each customer.

In 2014, Advanced Strut embarked on a strategic expansion initiative, venturing into manufacturing to further enhance our product offerings and customer experience. Investing in state-of-the-art sheet metal fabrication machinery, our company commenced in-house production of a comprehensive range of products, catering not only to our existing customer base but also venturing into new industries beyond our traditional market. This strategic move has empowered Advanced Strut with greater control over turnaround time, quality control, costing, and product availability, directly benefiting our esteemed clientele.

Advanced Strut's diverse product portfolio includes a wide array of solutions designed to meet the evolving needs of modern infrastructure projects. From cable ladders and trays to wire mesh trays, support channels, and brackets, our company offers a comprehensive range of cable reticulation and support system solutions. Additionally, Advanced Strut provides PVC and steel power skirting, service poles, gripper hanger systems, clamps, brackets, fasteners, floor and wall reticulation ducting, solar renewable energy support systems, wire trays, and the innovative Electrical-Contractor-Snake-tray-Mega-Snake.

Catering to a broad spectrum of industries, Advanced Strut stands as a beacon of reliability and innovation. Our company serves commercial and industrial electrical sectors, data management, plumbing, air conditioning, fire detection, solar renewable energy, signage, lighting, and agricultural industries with unwavering dedication and expertise.

With over a decade of accomplishments behind us, Advanced Strut looks ahead with optimism and determination, poised to continue our journey of innovation, growth, and customer-centricity in the cable reticulation and support system solutions industry.
