

Brendan Kelly, DO, A Local Internist Making a Difference in Hospital Medicine

Bringing a Wealth of Knowledge and Expertise to his Patients

New York City, New York May 21, 2024 ([Issuewire.com](https://www.issuewire.com)) - Dr. Kelly, an internal medicine specialist with a focus on hospital medicine, is making a significant impact in the local community where he grew up. Joining Shore Physicians Group in September 2022, he expresses his joy in serving the community alongside a dedicated team of professionals. From collaborating with hospitalists and nurses to working with ancillary staff, he highlights the warm welcome he has received and looks forward to contributing further to the team.

Having attended Richard Stockton College for his undergraduate studies and obtained his medical degree from Western University in California, he has returned home to practice medicine.

When asked about his inspiration to pursue a career in medicine, Dr. Kelly shared that his passion for helping others and providing patient-centered care has been a driving force since the early days of his medical journey. He emphasizes the importance of delivering personalized care to his patients, making their well-being his top priority.

On a lighter note, a fun fact about him is his unique sports allegiance – despite being a local, he is not a Philadelphia sports fan. While he wishes the best for Philadelphia teams, his heart lies elsewhere when it comes to sports support.

Outside of work, Dr. Kelly enjoys spending quality time with his family and two dogs, engaging in various outdoor activities such as golfing, snowboarding, and fishing. He actively participates in his children's sports and extracurricular activities, cherishing every moment spent with his loved ones.

When it comes to vacation spots, his favorite destination is the Caribbean, where he can indulge in the beauty of the beaches, water activities, and relaxing atmosphere that the region offers. Whether it's exploring Turks and Caicos or the Bahamas, he finds solace in the serene environment that the Caribbean provides, making it his ideal getaway location.
