Chicago, Illinois May 16, 2024 ([Issuewire.com](https://www.issuewire.com)) - Call for Caring is ready to arrange the biannual Family Caregiver Expo in Chicago on June 8 in collaboration with Bellevue Baptist Church and Alpha Eta Chapter of Chi Eta Phi Sorority, Inc. The venue is set to be the campus of Bellevue Baptist Church Fellowship Hall in Chicago, IL. The attendees are requested to abide by the CDC COVID-19 guidelines to ensure environmental safety that complies with all. The event will be starting from 10 am and will continue till 3 pm. Those who are unable to attend the event can also virtually participate through the official Facebook Page. This event is going to offer tribute and educate people more about caregivers who are constantly trying to make lives better for others.

This event will begin with a Care Scholarship program that is aimed at recognizing the outstanding caregivers who deserve to be awarded care scholarships. There will be also a Caregiver Celebration Concert that can offer people a rush of joy and happiness along with laughter and music. The 2024 Chicago Family Caregiver Expo can offer a great opportunity for families that need caregivers and the resources that help them find better. It can help to offer a life with health screenings, COVID vaccinations, and one-on-one consultations along with the caregiving issues. The event offers an opportunity for one-on-one consultation with a Care Ambassador (or Registered Nurse). As a result, everyone can get the education that is required for caregiving to loved ones.

The event will provide Virtual Dementia Tour Mini-Massages, Mini-Manis Professional Consultations as well as Legal Third-party resources which can help to ease the burden of caregiving for everyone. There will be also Complimentary Companion Care for the loved ones on the day the event takes place. Filled with several prizes and scholarship programs, this event is going to empower a lot of families who are in need and the people who deserve the award for caregiving. Michelle Bolden, the founder of Call For Caring Inc said, "We are excited and happy to help Family Caregivers by creating a one-stop-shop of sorts where attendees can do everything from learning about caregiving resources to experiencing a virtual Dementia tour, enjoy the self-care room and more. We couldn't have done it without the partnership of Bellevue Baptist Church and we are grateful that they have allowed us to use their space for this event."

The Lead Pastor from Bellevue Baptist Church, Lucious Fullwood shared "Caregiving is an important ministry for our Church. All of our members have been touched in some kind of way by this important ministry. " He also said, "We look forward to this event coming in June." The Bellevue Baptist Church Fellowship Hall shall be found at 10715 South Halsted Street, Chicago IL 60628, where the Chicago Caregiver Expo will take place. Interested people can visit <http://www.callforcaring.org/> to find out more about this noble event.
