**London, United Kingdom May 17, 2024 ([Issuewire.com](https://www.issuewire.com))** - HTFX is excited to announce that its Executive Director of EU, Kyriakos Hadjikyriakou was featured in an exclusive interview with Fazzaco Magazine. In the interview, Kyriakos sheds light on various aspects of the financial industry, providing valuable insights into the company's strategies and vision for the future.

Fazzaco Magazine, a renowned publication in the financial sector, sat down with Kyriakos to delve into his expertise and experience in navigating the dynamic landscape of the European financial market. With years of experience in finance, Kyriakos shared his perspectives on industry trends, regulatory challenges, and the evolving demands of clients in today's digital era.

**Fazzaco: Thank you for joining Fazzaco. Please give us a brief introduction to yourself and HTFX.**

**Kyriakos:** I'm honored to represent our group in this interview with Fazzaco magazine. I have been working with well-known financial firms in Cyprus and abroad for over a decade, prior to becoming executive director of HTFX EU which is the position I hold today. HTFX is a multi-regulated brand, and it is run by a team of executives sharing extensive experience in the FX and technology industry. At HTFX we provide our customers with a wide range of trading instruments such as CFD's on FX, commodities, indices and cryptos through the well-known MT4 and MT5 platforms. With our focus remaining always client centric but at the same time making sure that our organisation is aligned on a transformative path forward.

**Fazzaco: HTFX is emerging as a global leader in the forex industry, with a substantial presence across various regions, particularly in the Southeast Asian (SEA) region. What advantages can traders expect to enjoy from your platform?**

**Kyriakos:** At HTFX, we're committed on providing innovative, tailored made solutions.

This translates to a very competitive offering, designed to accommodate all client types. From Beginners to experts.

Our rise in the industry is thanks to a few key things that make us stand out, such as:

With a deep multi-asset liquidity offering from a huge network of leading providers such as Prime Brokers, ECNs and exchanges we've managed to offer ultra-competitive trading costs. Our account types have been tailored based on this and vary from spreads as low as 0 to account types with 0\$ commission.

With an average execution speed of less than 15ms and our servers located on premium locations for lowest latency, we created an ideal environment for scalping and EA's.

**Fazzaco: How do you foresee the forex brokerage industry? Do you have any move to adapt to potential changes?**

**Kyriakos:** The forex brokerage industry is dynamic, shaped by technology, regulations, and market

shifts. To adapt, we focus on innovation, strategic partnerships, and rigorous risk management. Constant monitoring of industry trends allows us to anticipate changes and invest in technology. By staying agile and proactive, we're well-positioned to thrive in this evolving landscape.

Furthermore, Kyriakos elaborated on HTFX's strategic initiatives in the European market, outlining plans for expansion, product development, and leveraging technology to enhance operational efficiency and deliver superior service to clients. He emphasized the company's unwavering focus on compliance and risk management, ensuring that HTFX remains at the forefront of regulatory standards and best practices.

"We are delighted to have had the opportunity to share our insights with Fazzaco Magazine," said Kyriakos Hadjikyriakou, Executive Director of EU at HTFX.
