- Launched a successful Change.org petition against revisionist history at CUNY University.
- Assisted over 200 Dominican business owners in starting their ventures and gaining financial literacy.
- Organized over 1,000 debates between Haitian leaders, politicians, and Dominicans.
- Partnered with the Dominican Duartiano Institute to preserve Dominican history.
- Educated between 50,000-100,000 young minorities on history, finance, and technology via social media.
