

Off to the sunny skies of Dubai now where Jesse Posis is ready to release his first single

Antipolo, Philippines May 3, 2024 ([IssueWire.com](https://www.issuewire.com)) - Coming to Dubai to live and work while being from the Philippines, Jesse, has been a journey that continues to give. While being particularly motivated to create music within the traditions of **Original Pilipino Music**, his new song [*Ako at Ikaw Magpakailanman*] is in essence connecting him to a little piece of home he wants to share with the world.

Prior to his solo breakout, Jesse was busy showcasing his talents as he was exploring live music performances in a band doing covers, and playing parties, especially with long-time friend guitarist Jose. **Jesse and Jose** have already tightly collaborated together on the live cuts of the solo song and promo videos; with the epic guitar riff central to the song's vibe given new life through the skillful effortless glide Jose's style brings in.

Jesse is now evolving on the next step in his path, revealing his own voice, arrangement, and creativity to the world, without forgetting the support he has enjoyed along the way. He's hoping to continue pursuing his passion beyond this first release and has some pretty awesome ambitions to elevate others as he succeeds.

Jesse who for now is right at the start of something beautiful shares his vulnerability and hesitation we would all feel about to take the plunge into the wide valleys of musical expression. Reaching out through song to us to connect his love for a special kind of chill, relaxing sound, for our listening pleasure is a testament to his perseverance.

That evident calling he had for doing the hard work to self-publish, and get his voice and talents out there was inspiring, and we are excited to have those front-row seats.

Jesse Posis and **Jose Tabios**(lead guitarist) [AKO AT IKAW MAGPAKAILANMAN] are out [3 MAY 2024] and available online.
