

Peter Dyson Strengthens Community Support with The Estate Plan Acquisition

Miami, Florida May 19, 2024 ([IssueWire.com](https://www.issuewire.com)) - In a substantial move within the Florida legal community, The Estate Plan, a trusted name in estate planning, has announced its acquisition by prominent attorney Peter Dyson, owner of Dyson Law. This acquisition arrives at a time when demand for estate planning has surged by 19% in Florida, underscoring a growing need for comprehensive legal services that secure the futures of local families.

The Estate Plan has a proud history of helping hundreds of families ensure security and peace of mind through meticulous planning. This acquisition is poised to enhance these offerings by leveraging both firms' combined litigation prowess and probate expertise. With two additional paralegals the depth of our already robust team will only enhance our capacity to handle complex probate litigation cases for our clients.

"My commitment to the community has never been stronger. This move will allow Floridians to feel more secure and confident about their family's future," stated Peter Dyson, reflecting on the acquisition's promise to empower clients with robust legal protection and planning foresight.

The synergy between The Estate Plan's specialized estate planning services and Dyson Law's litigation experience foreshadows a comprehensive suite of services that cater to the nuanced needs of estate planning, probate, and estate administration.

Matthew Gruber (former owner) will be staying on in an "Of Counsel" capacity for the near future.
