

## Simplify Your Snack Time with Simple Spread: A Clever Kitchen Gadget from Sisu Creation

Sisu Creation introduces Simple Spread, a clever tool that transforms jar lids into convenient spreaders, making snack time and meal prep easier. Invented by young inventors in Wilmington, NC.

**Wilmington, North Carolina Jun 10, 2024 ([Issuewire.com](https://www.issuewire.com))** - Sisu Creation is excited to introduce Simple Spread, a revolutionary tool that transforms your jar lid into a convenient spreader, streamlining

snack time and meal preparation.

Imagine making a sandwich without the hassle of searching for a knife or dealing with messy dishes. Simply twist open your jar and start spreading with ease.

Created by innovative young minds in Wilmington, North Carolina, Simple Spread is now available on Amazon and the Sisu Creation website. Motivated by the goal of reducing dirty utensils and minimizing waste, the team developed a patent-pending dual magnetic mounting system for secure attachment to nearly any jar lid.

This reusable and portable gadget is perfect for picnics, camping trips, or office lunches. Simple Spread is safe for children, eliminating the need for sharp knives and allowing even young sandwich enthusiasts to spread safely and effortlessly.

Whether you're a parent seeking a mess-free snack solution, a college student in a dorm, or an outdoor enthusiast needing a quick bite, Simple Spread is your ultimate kitchen companion. Designed for comfort and portability, it makes snack time simpler and more enjoyable.

Say goodbye to messy knives and hello to Simple Spread — the ingenious solution that turns every jar into a ready-to-use spreader, simplifying life one sandwich at a time.

**About Sisu Creation:** Simple Spread is a product of Sisu Creation, a small product development company based in Wilmington, North Carolina. Founders Tyler and Corbin began their journey in their garage with a humble Ender 3D printer. Self-taught in 3D printing, CAD, product photography, and Photoshop, they have also launched the Kitchen Cube, an all-in-one measuring tool, and a new beer carrying device. Their journey of innovation continues with new ideas being developed daily.
