

Taste'L Fine Foods Selects BatchMaster Software for Enhanced Production Efficiency

**Grateful For The Opportunity
To Be The Tech Ally Of Taste'L Foods**

Mumbai, Maharashtra May 30, 2024 ([Issuewire.com](https://www.issuewire.com)) - **BatchMaster Software Pvt. Ltd.** is thrilled to announce its latest client acquisition, **Taste'L Fine Food Pvt. Ltd.**, a prominent processed food manufacturer based in Mumbai. The company has chosen BatchMaster Enterprise (BME) for Food, a specialized ERP solution, to enhance their production and planning operations and manage finances more effectively.

Taste'L Fine Food Pvt. Ltd. is renowned for producing nutritious and affordable ready-meals and ready-to-eat products. Faced with challenges from their outdated ERP software, the company sought a more efficient solution.

"Prior to adopting **BatchMaster ERP**, our in-house developed software was insufficient for our production, planning, and quality-related activities," explained **Mr. A.K. Talwar**, Managing Director of Taste'L Fine Food Pvt. Ltd. "We lacked visibility into production stages, leading to inefficiencies and increased operational costs."

The company's search for a better ERP led them to **BatchMaster**, which met all their requirements. **Mr. Sanjay Panjwani**, Managing Director of BatchMaster Software Pvt. Ltd., highlighted the benefits of their solution:

"Our ERP's ability to divide production into multiple stages allows for precise yield analysis and loss assessment. Its robust recipe management functionality automatically adjusts formulas per the BOM, eliminating the need for manual modifications. Additionally, BatchMaster ERP enhances planning and production capabilities through its [Master Production Scheduling \(MPS\)](#) and [Material Requirements Planning \(MRP\)](#) modules."

Mr. Ajay Talwar, Operations Manager at Taste'L Fine Food, praised the [NPD module](#):

"It enables easy and quick sampling of products under research, with batch-wise processing keeping the main inventory separate from sampling inventory."

Initially planning to integrate BatchMaster ERP with their existing finance software, Tally, Taste'L Fine Food decided to adopt BatchMaster's [finance module](#) due to its robust functionalities, faster implementation, and exceptional support.

"We are delighted to add another feather to our cap. Our [Food ERP](#) suite has benefited many leading food players, and we are confident it will provide the same advantages to Taste'L Fine Food," added Mr. Panjwani.
