### ***Customer Testimonial:***

Over the winter, Xpress Plumbing & Construction Solutions responded quickly and efficiently to the Overlook Condominium Owners Association in Boise's request to serve two of the flooded community's homes. The homeowners were delighted with the work performed: fixing the plumbing leak, setting up equipment to dry the units out, and making the necessary repairs to get them back into their homes - all

the while providing smiles and reassurance that everything would be fine. Xpress believes the personal touch is important during a crisis when people are concerned about their homes.

“The speed with which the team responded and the care they took in providing the best service we have ever had was exactly what was needed in this time of crisis for the affected owners,” said Nate Roldan, Board President of the Overlook HOA. “We welcome Xpress to the Treasure Valley and will continue to utilize their services.”
