

Blues & Jazz Has A New Rising Star, Keilene

New York City, New York Jun 21, 2024 ([Issuewire.com](https://www.issuewire.com)) - Keilene, a dynamic new artist making waves in the blues and jazz scene, has released her latest single "Lips" on June 19th, available on Apple Music, Spotify, Amazon, and all major streaming platforms. Known for her sultry and sensual style, Keilene's captivating voice has garnered attention across all age groups, with fans praising her powerful and raw talent.

Born in Puerto Rico and now based in New York and south Florida, Keilene is not only a musician but also an accomplished actress and model. Her foray into acting includes a role in the horror/thriller film "Bloodline Killer." Currently, Keilene is diligently working on her upcoming EP, promising more of her distinctive blend of blues and jazz influences.

Keilene's official website, [Keilene.com](https://www.Keilene.com), serves as a hub for her multifaceted career, showcasing her music, acting projects, and modeling ventures. Beyond entertainment, Keilene is passionate about empowering women through her music, aiming to ignite a sense of strength and self-discovery among her listeners.
