

## Capricorn Logistics Selects Pyrops WMS to Enhance Operational Efficiency for 3PL Services

**New Delhi, Delhi Jun 18, 2024 ([Issuewire.com](https://www.issuewire.com))** - Pyrops WMS is pleased to announce that Capricorn Logistics, a leading third-party logistics (3PL) provider, has chosen Pyrops Warehouse Management System (WMS) to optimize its operations. Capricorn Logistics has successfully gone live with Pyrops WMS, supporting four clients across five locations, demonstrating the robust capabilities of our software in enhancing logistical efficiency and client satisfaction.

Capricorn Logistics, known for its innovative and reliable logistics solutions, has implemented Pyrops WMS to streamline warehouse operations, improve inventory accuracy, and boost overall operational efficiency. This partnership marks a significant advancement in Capricorn Logistics' mission to provide top-tier logistics services through advanced technology.

### **Key Benefits of Pyrops WMS for Capricorn Logistics:**

**Enhanced Inventory Accuracy:** Real-time tracking and precise inventory management across multiple locations ensure reliable data for better decision-making.

**Improved Order Fulfillment:** Streamlined processes lead to faster, more accurate order deliveries, boosting client satisfaction.

**Increased Operational Efficiency:** Automation of routine tasks and optimized workflows result in significant time and cost savings.

**Scalability:** The robust and scalable Pyrops WMS supports Capricorn Logistics' growth, facilitating seamless onboarding of new clients.

"We are delighted that Capricorn Logistics has selected Pyrops WMS to power their operations," said **Vineet Baid, Managing Director at Pyrops WMS**. "Our system provides the flexibility and efficiency that 3PL providers need to stay competitive. The successful go-live across diverse sectors like hospitality, medical devices, networking equipment, and computer hardware in a short period is a testament to the capabilities of our WMS and the expertise of the Capricorn Logistics team."

"The implementation process was meticulously planned and executed, with comprehensive testing and training to ensure a smooth transition. Capricorn Logistics is already experiencing the benefits of the new system, including improved visibility into warehouse operations, better resource management, and higher customer satisfaction," shared **Mr Dattaprasad Bhonsle - Sr Vice President- Supply Chain Management from Capricorn Logistics**.

Pyrops WMS is renowned for its user-friendly interface and powerful features, making it an ideal solution for 3PL providers. Its ability to integrate with existing systems and provide real-time data analytics is instrumental in driving operational improvements and supporting strategic decision-making.
