AMAZING AMERICANS

INSPIRATIONAL STORIES

New York City, New York Jun 17, 2024 ([IssueWire.com](https://www.issuewire.com)) - Historical US Icons Come to Life in Compelling Interview-Style Book of “Conversations”.

Stories For July 4

Meticulously researched by Dr. Charles Margerison and the Amazing People Worldwide team, ‘Amazing Americans’ allows readers to sit down next to some of the United States’ most inspirational and iconic characters, to hear them tell their stories as they’ve never been told before.

What makes Amazing Americans so amazing is its dual attention to biography and the unique lessons learned by each individual. The result is a revolutionary dialogue and style that will captivate and educate readers on far more than just the historical facts about these selected amazing individuals: it provides an immersion experience that considers the fundamental attitudes and roots of success that elevated each individual beyond the ordinary.

The People Who Shaped America

‘**Amazing Americans**’ allows readers to intimately learn about the men and women who shaped what can only be described as one of the world’s most innovative nations.

Would you like to have met Abraham Lincoln and had a discussion about his life and career? Can you imagine what George Washington would have said if he had been interviewed about his achievements? Would you like to explore how Amelia Earhart, the famous aviation pioneer, broke many speed and travel records and inspired people around the world? Gain unique insights into the lives of some of the amazing people who shaped the United States of America.

Could The Past Hold The Key To Unity And The American Dream?

This patriotic collection of short biographical stories, all told in the first person by educational psychologist, Dr Charles Margerison, explores the life stories of characters including Thomas Edison, Madam Walker, Anne Burras, Percy Julian, Benjamin Franklin and Harriet Tubman.

“This book comes at a pivotal time in the United States’ history,” explains the author. “Amazing Americans features the inspirational life stories that were the foundation of the American Dream.”

Continuing, “The past holds the key to the future. These stories can inspire and shape generations yet to come, making for fascinating reading.”

Readers Are Loving Learning About Amazing Americans

Early reviews have been impressive. For example, Rosie comments, “Amazing Americans is a good place to start for anyone interested in American history. There are people included that I had not heard of, such as Anne Burras, one of America's founding Colonial women - her story was surprising and inspirational. I enjoyed each of the people included in the book.”

Nick Haynes adds, “Another enjoyable book from the Amazing People series - I liked the fact that each individual's story came from a different period of history, almost like a timeline from the beginnings of American settlers to modern times. People from all kinds of different backgrounds are included, each with a real story to tell. I think this book would appeal to anyone interested in America and its founders, as well as anyone who simply enjoys an interesting and fact-packed read.”
