

GStudios India: Empowering Teachers, Students, and Influencers with Essential Digital Skills

Charkhi Dadri, Haryana Jul 4, 2024 ([Issuewire.com](https://www.issuewire.com)) - GStudios India, a young startup, is working towards empowering teachers, students, and influencers by upskilling them with courses on social media marketing, graphic design, video editing, Canva, etc.

Founded in 2022 with a vision to impart the necessary digital skills to anyone who wants to enhance

their digital presence, GStudios India has completed two years of operations. It has hundreds of success stories to inspire entrepreneurs and creators alike.

They have conducted numerous workshops and courses with colleges, societies, and individuals. They have now expanded their workshops to work with schools as well. Their courses are curated from a comprehensive curriculum that is fully customizable based on the needs of the participants.

GStudio India's commitment to empowerment extends beyond its courses and workshops. The company provides a supportive online community where learners can connect, share ideas, collaborate on projects, and learn. This online community facilitates learning from each other.

In addition, the company ensures that its course syllabus is always up to date and includes all the additional information required for participants to excel in their respective fields.

They are about to launch an application where people can access their pre-recorded videos and much more will be revealed by the team later.
