

Isaac Bissu-Darovi Social Responsibility,

Isaac Bissu - Darovi stands out in Social Responsibility, with Isaac Bissu at the helm

Estado de Mexico, Mexico Jun 19, 2024 ([Issuewire.com](https://www.issuewire.com)) - [Isaac Bissu](#) has led initiatives that go beyond the commercial, such as supporting local communities in health. There is an increasing demand for companies to consider being socially responsible in their agenda, mission, vision, and objectives; Such is the case of the Mexican pharmaceutical company Darovi, which has established itself as a palpable example of Social Responsibility.

With [Isaac Bissu Bali](#) as CEO and General Director, Darovi has reaffirmed its commitment to the community, its collaborators, and the environment. And, since the creation of Darovi, Isaac Bissu Bali has led initiatives that go beyond the commercial, such as supporting local communities in health, making donations to charities, and the continuous implementation of social projects.

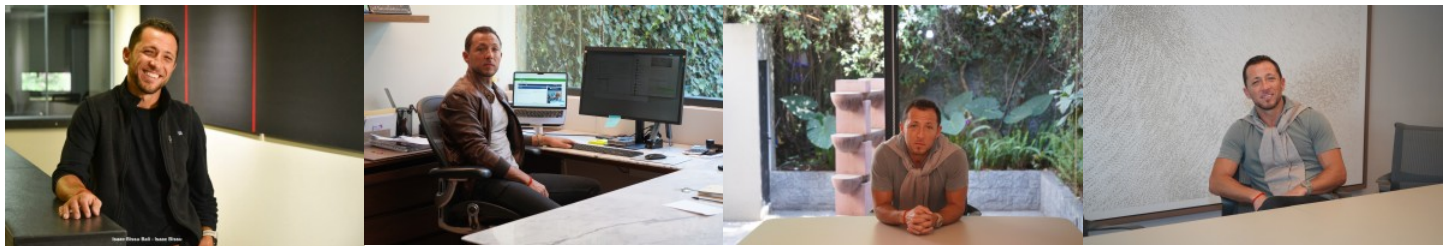

This vision is transmitted and shared with the company's workers, who join the various causes when necessary, such as the internal collection and volunteering in support of those affected in Acapulco by Hurricane Otis in 2023, as well as donations to the Mexican Association to Help Children with Cancer AMANC, a foundation with which he recently had a volunteer event.

According to what Isaac [Isaac Bissu Bali](#) comments, an essential part of being socially responsible is caring for your collaborators, with the promotion of professional development programs, job benefits,

and an inclusive work environment, as well as comfortable and safe work spaces. . . 'Recognising that workers are essential, Darovi seeks to ensure that each individual reaches their maximum potential' highlights Isaac Bissu. Regarding the environment, Darovi also does its part and commitment.

The pharmaceutical company has adopted eco-friendly practices, with waste reduction programs as well as water savings and efficient transportation routes. Currently, the use of transport vehicles with energy that has a lower impact on the environment, such as electric and hybrid technology cars, is being analyzed.

Under the leadership of [Isaac Bissu](#), Darovi has established itself, not only as one of the best marketers and distributors of medicines in Mexico, but also as a company committed to the country and Mexican society.
