

Meet Kurtus Dafford, MD: A Highly-Trained and Dedicated Neurosurgeon

Enhancing Patient Outcomes through Expert Neurosurgical Expertise, Skilled Hands, and Compassionate Care

New York City, New York Jun 26, 2024 ([Issuewire.com](https://www.issuewire.com)) - Dr. Kurtus Dafford, MD, a distinguished neurosurgeon known for his exceptional skills and compassionate patient care, offers his services to Mass General Brigham Healthcare Center in Pembroke and Brigham and Women's Neurosurgery at South Shore Health in South Weymouth, Massachusetts.

With a special focus on a wide range of neurosurgical procedures, Dr. Dafford brings his expertise in artificial disc replacement, cervical radiculopathy, cervical stenosis, degenerative disc disease, lumbar radiculopathy, lumbar stenosis, and minimally invasive surgery. His compassionate care extends to patients grappling with spinal deformities, disorders, tumors, and spondylolisthesis.

Graduating with his Medical Degree from the American University of the Caribbean School of Medicine in 2002, Dr. Dafford continued his medical training with an internship at Spartanburg Regional Healthcare System in 2003. He followed this up with a residency in neurosurgery at Tulane University School of Medicine in 2009 and a fellowship in spine surgery at Oregon Health and Science University, graduating in 2010.

As a testament of his continued education, Dr. Dafford obtained board certification in neurosurgery by the American Board of Neurological Surgery in 2015. This certification underscores his commitment to upholding the highest standards in neurosurgical practice and advancing the field for the betterment of public health.

Dr. Dafford's dedication to excellence has not gone unnoticed, as he has been honored with multiple Patients' Choice Awards (2018, 2014), recognizing his outstanding patient care and positive impact on the lives of those he serves. Patients and colleagues alike commend Dr. Dafford for his professionalism, expertise, and unwavering commitment to providing personalized care tailored to each individual's unique needs.
