

Meet Nathan D. Zasler, MD, FAAPMR, FACRM, BIM: Acclaimed Physiatrist and Trailblazer in Brain Injury Medicine

Transforming Brain Injury Care with Visionary Leadership and Expertise

New York City, New York Jun 4, 2024 ([Issuewire.com](https://www.issuewire.com)) - Dr. Nathan D. Zasler, a prominent figure in the field of brain injury medicine, has been making waves with his exceptional contributions to the healthcare industry. As the Founder, CEO, and Medical Director of Concussion Care Centre of Virginia and Tree of Life Services, Inc., he has been at the forefront of providing innovative and comprehensive care for individuals with acquired brain injuries.

At the helm of Concussion Care Centre of Virginia, Dr. Zasler oversees an interdisciplinary clinic specializing in neuromedical and rehabilitative assessment and treatment for individuals with traumatic brain injuries, including concussions. The clinic's focus extends to managing cognitive, behavioral, and physical impairments associated with such injuries, offering a holistic approach to recovery and rehabilitation.

Through Tree of Life Services, Inc., Dr. Zasler and his team are dedicated to delivering post-acute, transdisciplinary neurorehabilitation and specialized assisted living services for individuals with acquired brain injuries. By optimizing outcomes, restoring personal value, and promoting quality of life, Tree of Life Services aims to redefine long-term care for those in need.

Graduating with his Bachelor of Science Degree in Psychobiology from UCLA in 1980, Dr. Zasler earned his Medical Degree from the Chicago Medical School at Rosalind Franklin University in 1985. He then went on to complete his internship and residency in physical medicine and rehabilitation at the Virginia Commonwealth University in 1989 and the following year, completed a fellowship in brain injury rehabilitation.

Graduating with a Bachelor of Science in Psychobiology from UCLA in 1980, Dr. Zasler earned his Medical Degree from the Chicago Medical School at Rosalind Franklin University in 1985. He completed his internship and residency in Physical Medicine and Rehabilitation at Virginia Commonwealth University in 1989, followed by a fellowship in brain injury rehabilitation.

After his training, Dr. Zasler achieved board certification in PM&R and subspecialty certification in Brain Injury Medicine through the American Board of Physical Medicine and Rehabilitation (ABPMR). The ABPMR is the medical certifying board for PM&R and its subspecialties.

With over 30 years of experience in the field, Dr. Zasler's expertise in brain injury medicine has garnered international acclaim. His commitment to advancing the field is evident through his affiliations with esteemed organizations such as the International Brain Injury Association, where he serves as Vice-Chairperson, and leading academic institutions like Virginia Commonwealth University and the University of Virginia, where he teaches within the departments of Physical Medicine and Rehabilitation.

With his impact extending beyond clinical and academic practice, Dr. Zasler serves as a Co-Chief Editor for renowned journals such as "Brain Injury" and "NeuroRehabilitation." In addition, he serves on over 10 international journal editorial boards, and is active in local, national and international organizations dealing with acquired brain injury and neurodisability, serving or having served in numerous consultant and board member roles.

Reflecting his dedication to sharing knowledge and shaping the future of brain injury medicine, Dr. Zasler has published over 200 peer-reviewed articles and authored more than 60 book chapters. His extensive work on TBI-related neuromedical issues includes not only widespread publishing and lecturing but also editing eight influential textbooks. Among them is "Brain Injury Medicine: Principles and Practice," now in its third edition, which stands as a cornerstone in the discipline.

Dr. Zasler's contributions have not gone unnoticed, as evidenced by his multiple awards, including the Patients' Choice Award (2016, 2015, 2013), On-Time Doctor Award (2016, 2015), and Top 10 Doctor - State (2014). These accolades underscore his unwavering commitment to excellence and patient care.

In conclusion, Dr. Nathan D. Zasler stands as a beacon of hope and healing for individuals with acquired

brain injuries, reshaping the landscape of brain injury medicine through his relentless pursuit of excellence and innovation.
