

# OpenGPT.com Unveils OpenGPTs: A Unified Platform Integrating All Major AI Chatbots

OpenGPTs: One Platform, Multiple Chatbots, Endless Possibilities

**Vancouver, British Columbia Jun 16, 2024** ([Issuewire.com](https://www.issuewire.com)) - [OpenGPT.com](https://opengpt.com) has launched a groundbreaking platform, OpenGPTs, that unifies all major AI chatbots, including ChatGPT and Google Gemini, into a single app.

**One GPT, All AI ChatBots:** With OpenGPT, users can ask one question and receive answers from various AI chatbots within a single chat screen. This feature enables easy comparison of responses, helping users select the best one without switching between platforms. Supported AI models include GPT-4o, GPT-4 Turbo, GPT-3.5 Turbo, Google Gemini Pro, Claude-3-Opus-20240229, Claude-3-Sonnet-20240229, Meta-Llama-3-70B-Instruct, Meta-Llama-3-8B-Instruct, and DALL.E 3.

**Real-Time Web Searches Integration:** OpenGPTs also provide real-time web searches from sources like Google and Bing, ensuring users have access to the latest information.

**Completely Free to Create OpenGPTs:** Creating an OpenGPT is entirely free. Users only need to create an account on [OpenGPT.com](https://OpenGPT.com) to start building and exploring AI capabilities.

**Monetize Your Creations:** Creators can monetize their OpenGPTs through the OpenGPT Store by linking a Stripe account. All revenues from sales go directly to their Stripe accounts, providing a seamless monetization process.

**A Platform for All:** [OpenGPT.com](https://OpenGPT.com) is dedicated to being the most open platform for AI professionals, enthusiasts, and developers. It offers a space for innovation, collaboration, and growth within the AI community.

Visit [OpenGPT.com](https://OpenGPT.com) today to create your own OpenGPT and explore the future of AI interaction. For more information, read the [official blog post](#).
