

Optometry Veteran, Stephen Byrnes, OD, FAAO, Celebrates Over Four Decades of Excellence in Eye Care

Illuminating Optometry: Leading Private Practice in Londonderry, New Hampshire

New York City, New York Jun 19, 2024 ([Issuewire.com](https://www.Issuewire.com)) - Dr. Stephen Byrnes is being celebrated for his remarkable achievements and unwavering dedication to the field of optometry spanning over forty years. Since establishing his private practice in Londonderry, New Hampshire in October 1980, Dr. Byrnes has been a beacon of excellence, specializing in general optometry and the fitting and care of specialty contact lenses, with a particular focus on contributing to the research and development of

scleral gas permeable designs.

Dr. Byrnes' educational journey laid a solid foundation for his successful career. He obtained his Bachelor of Arts Degree in Sociology from the esteemed College of the Holy Cross in 1968 before earning his Doctor of Optometry Degree from The New England College of Optometry in 1977.

Armed with a strong academic background, Dr. Byrnes embarked on a fulfilling career that has positively impacted countless patients and peers in the optometry community. In addition to his thriving private practice, he generously shared his knowledge and expertise as an academic consultant for Bausch + Lomb from June 1992 to October 2011. Prior to this role, he dedicated years to the clinical faculty at The New England Eye Institute from 1977 to 2004, where he played a pivotal role in shaping the next generation of optometrists.

Dr. Byrnes' commitment to excellence in optometry has been recognized with fellowship status, as he is a distinguished Fellow of the American Academy of Optometry (FAAO). This prestigious title is a testament to his exceptional contributions to the field and his ongoing pursuit of advancing optometric practices for the benefit of patients worldwide.

As Dr. Stephen Byrnes continues to make a positive impact in the optometry community, his legacy of excellence and dedication serves as an inspiration to aspiring optometrists and a source of comfort to his loyal patients.
