

Renowned Anesthesiologist Keley John Booth, MD Making Strides in Regenerative Medicine

Pioneering Non-Surgical Approaches to Pain Management

New York City, New York Jun 20, 2024 ([IssueWire.com](https://www.IssueWire.com)) - Booth, MD, a distinguished Board Certified Diplomat of the American Board of Anesthesiology, has been transforming the landscape of regenerative spine and joint treatment in Oklahoma. At the helm of Orthobiogen and Elite Pain & Health in Oklahoma, he is at the forefront of delivering patient-centered care that prioritizes individualized treatment plans and holistic wellness.

With a profound clinical background in musculoskeletal care, he is leading the charge in providing innovative and advanced medical solutions to combat pain and injuries. By incorporating state-of-the-art treatments and diagnostics, he aims to enhance the quality of life and functional outcomes for his patients, paving the way for a brighter and pain-free future.

Educated in the United States, Dr. Booth received a medical degree from the University of Oklahoma College of Medicine, followed by an internship at Integris Baptist Medical Center and a residency at the University of Oklahoma Health Sciences Center. His unwavering dedication to advancing the field of regenerative medicine has earned him recognition as a leading authority in the realm of non-surgical pain management.

Having experienced the life-changing impact of medical care firsthand, his journey into the field of medicine was inspired by a football injury that left him with partial paralysis in his arm and hand during his teenage years. The compassionate care he received ignited a passion within him to pursue a career dedicated to alleviating pain and improving the lives of others.

With over 15 years of clinical experience under his belt, Dr. Booth has honed his expertise in treating a diverse range of pain conditions and specializes in surgery-free solutions for spine and joint-related ailments. His commitment to leveraging cutting-edge technology and regenerative therapies has positioned him as a trailblazer in the field of pain management and musculoskeletal care.
