

SAI360 Opens Global Delivery Center in Bangalore

Leadership Team Members to Visit June 25-28

Bengaluru, Karnataka Jun 20, 2024 ([Issuewire.com](https://www.issuewire.com)) - SAI360, a leading ethics, governance, risk and compliance technology and learning company, recently opened a global delivery center in Bangalore, India. SAI360 CEO Peter Granat, along with members of his leadership team, will be on site June 25 to 28 to celebrate the expansion with employees.

"Bangalore was selected as the location for SAI360 Technologies, India, based on the strong recommendation of our investment partner Symphony Technology Group," shared Granat. "The region is a respected hub for highly skilled talent across all departments including R&D, marketing, finance, and software technology."

SAI360 is known for its [integrated software](#) and [learning solutions](#) that support the efforts of global companies to exceed ethics, compliance, and regulatory requirements and expectations. Based in Chicago, the organization has approximately 400 employees in the United States, India, United Kingdom, Australia, Singapore, Netherlands, and Lithuania.

Ganesh Santhanam serves as Vice President of SAI360's Center of Excellence in Bangalore. Doug Polignano- Chief Financial Officer, Christine Adeline- Chief Product Officer, and Christine Brown- Vice President of Learning Product, will join Granat for the grand opening celebration. The group will meet with employees and participate in several team building exercises.
