New Delhi, Delhi Jun 25, 2024 (Issuewire.com) - Togopool has achieved notable success in the areas of carpooling and bikepooling thanks to its creative strategies. In just 4 months, the carsharing app is celebrating surpassing **100k+ downloads** nationwide, with a large portion in Delhi and NCR. Covering a distance of more than **5 lakh kilometres**, Togopool has made significant progress in reducing excess carbon emissions and moving towards a greener environment.

There are numerous challenges emerging, such as traffic congestion, soaring fuel expenses, escalating pollution levels, expensive commuting, social isolation, and many others, all of which significantly affect the environment. Nevertheless, Togopool stands out as the top [carpooling app in India](#) and is making remarkable strides in tackling these obstacles. The app with **11,000+ verified ride givers & almost 15 million kilometres ride requests**, firmly believes that progress should be concentrated on achieving specific outcomes, ultimately resulting in overcoming the challenges faced by the industry.

Migi Chuang, Co-founder of Togopool shares the visionaries behind Togopool, quoted her insights:

*“With your support, we are taking a big leap towards creating an ideal bike pooling and carpooling system by focusing on aligning with the environment, reducing traffic, and saving costs. By putting in minimal effort, we can make a huge difference. **Carpooling** and [ridesharing](#) not only decrease fuel consumption but also help in building more social connections..”*

Togopool India is renowned for its enticing offers that not only attract customers but also assist them in saving a substantial amount of money while contributing to a cleaner environment. One of their ongoing promotions, '**7 Days, 7 Rides**,' enables users to earn rewards without needing passengers. By completing 7 rides in 7 days, customers can get cashback. Togopool is leading the way in carpooling and bike-sharing, dedicated to transforming urban transportation. Prioritising sustainability, safety, and community, Togopool brings together riders and drivers for affordable and environmentally friendly commuting options.

Join the movement towards smarter, greener commuting with Togopool. Save money, reduce your carbon footprint, and enjoy meaningful connections with fellow travellers. Download the [Togopool - Carpool app](#) today and experience the future of urban transportation!
