What is India eVisa (or Indian Visa Online)

New Delhi, Delhi Jun 5, 2024 ([Issuewire.com](https://www.issuewire.com)) - India is one of the most visited countries in the world every year. Many foreign nationals go to the country for business opportunities, medical treatments, and tourism. The government only allows foreign travelers to enter when they have a valid passport and visa. India gives two kinds of visas, a traditional paper visa and an online visa. The traditional paper visa requires the applicants to visit the nearest embassy, while the eVisa can be applied and collected online. The **Indian Visa for Ecuador Citizens** can be applied from anywhere in the world, with just some minimal documents and an Ecuadorian biometric visa. Visit <https://www.visasindia.org/india-visa->
