

Adel Marei, MD, Revolutionizes Neuropsychiatry Treatment with Transcranial Magnetic Stimulation

Distinguished Neuropsychiatrist Leads the Way in Using TMS Devices to Treat Various Neuropsychiatric Disorders

New York City, New York Jul 16, 2024 ([Issuewire.com](https://www.issuewire.com)) - Dr. Adel Marei, a prominent neuropsychiatrist, is at the forefront of groundbreaking research exploring the impact of strong magnets on different body tissues, particularly the brain, with the aim of treating a wide range of neuropsychiatric disorders such as depression, OCD, ASD, ADHD, schizophrenia, catatonia, TBI, epilepsy, CO poisoning, PD, NMDA receptor encephalitis, spasticity, ALS, and more. His innovative approach involves utilizing Transcranial Magnetic Stimulation (TMS) devices to target specific areas of the brain associated with these conditions.

With a wealth of experience in the field, Dr. Marei has served in various roles that have honed his expertise in neuropsychiatry and TMS technology. As a Medical Advisor and Installer/Trainer at MagVenture, Dr. Marei was instrumental in responding to client inquiries related to TMS, as well as training clients on the proper use of MagVenture equipment in accordance with FDA-approved indications and protocols.

Prior to his time at MagVenture, Dr. Marei held the position of Postdoctoral Fellow at the Hospital for Special Surgery, where he became a certified physiologist in repetitive Transcranial Magnetic Stimulation (rTMS) through the Neurological Clinical Research Institute (NCRI). His extensive background also includes serving as a Psychiatry Consultant for the IOM - UN Migration, where he provided comprehensive evaluations and management for patients with neuropsychiatric disorders.

Additionally, Dr. Marei has made significant contributions as a Neuropsychiatry Specialist at Ain Shams University, where he oversaw the operation and teaching of Sleep Medicine and Transcranial Magnetic Stimulation. His dedication to advancing the field of neuropsychiatry is further evidenced by his role as a Resident in ENT/Psychiatry at AlMana General Hospital Khobar.

Dr. Marei's impressive educational background includes a Master's Degree in Neuropsychiatry from Ain Shams University, as well as premedical studies at Kominous University. He has also obtained certifications in life coaching and various healthcare-related fields, demonstrating his commitment to continuous learning and professional development.

Through his pioneering work in neuropsychiatry and Transcranial Magnetic Stimulation, Dr. Adel Marei is reshaping the landscape of mental health treatment and offering hope to individuals suffering from a range of neuropsychiatric disorders. His innovative approach and dedication to advancing the field make him a leading figure in the realm of neuropsychiatry research and treatment.
