

Commitment to Premium Raw Materials and Uncompromising Hygiene Standards at Swasthum Wellness

New Delhi, Delhi Jul 16, 2024 ([Issuewire.com](https://www.issuewire.com)) - Swasthum Wellness Pvt Ltd is a leading supplement and nutrition manufacturer located in Delhi, India. We have over 10 years of experience formulating great-tasting, innovative health products using the highest quality ingredients and the latest manufacturing technologies.

Premium Sourced Ingredients from Around the Globe

At [Swasthum Wellness](https://www.swasthumwellness.com), we source all our raw materials very selectively from the best suppliers across the globe. Our extensive supplier network allows us to procure premium quality ingredients, including:

- Whey protein isolate is sourced from dairy farms following strict quality protocols.
- Organic ashwagandha is directly imported from reputable farms in India, where the plants are grown without chemicals.
- Vitamins, minerals, and nutrients from top growers and extractors worldwide.

We thoroughly vet each supplier to ensure they meet our high standards. All our ingredients come with certificates of analysis from accredited labs verifying identity, purity, and composition. We only use ingredients that fully comply with our stringent quality specifications.

State-of-the-Art Certified Manufacturing Facility

Our manufacturing facility in Delhi is WHO GMP and ISO 22000:2018 FSSAI certified, adhering to current good manufacturing practices. We utilize the latest equipment and technologies in our production process, including:

- Air purification systems to prevent contamination
- Full sanitization between batches using FDA-approved disinfectants
- Positive air pressure in all production areas to avoid cross-contamination
- Automated processes for blending, encapsulating, and packaging

Our manufacturing lines create supplement powders, bars, tablets, and capsules while preventing any product mix-ups through rigorous quality control from start to finish.

Rigorous 4-Step Quality Testing Protocol

Every raw material and finished product undergoes our stringent 4-step quality testing protocol:

- **Material Identification:** Verify supplier COAs for each ingredient upon arrival.
- **Purity Analysis:** Further chemical testing of key active ingredients is needed to confirm that quality and purity levels meet specifications.
- **Microbiological Testing:** Highly sensitive testing to check for any microbial contamination or impurities.
- **Final Product Testing:** Identity, purity, strength, and composition testing of finished products before release.

Our in-house lab professionals and partnerships with certified external labs allow us to test to the highest standards at each stage thoroughly. We reject any materials that fall short of specifications.

Commitment to Quality across Production

Swasthum Wellness implements rigorous quality control measures at every step:

- Supplier audits and raw material inspection
- Process controls during manufacturing
- Equipment calibration and maintenance
- Facility and sanitation monitoring
- Staff training on GMP and quality programs

Our internal protocols and audits by external agencies ensure we consistently achieve the highest levels of quality.

Premium Packaging for Branding and Shelf Appeal

We offer custom packaging solutions, including bottles, jars, cartons, and creative label designs to help our clients' brands stand out. Our graphic design team works closely with you to make packages that catch the consumer's eye while communicating your brand effectively.

Some packaging options:

- Eye-catching labels and logos
- Branded bottles and jars

- Vibrant display boxes
- Single-dose sachets or pouches
- Shrink wrapped containers

We take care to make your packages as appealing and functional as the products inside.

Conclusion

With our premium quality sourced ingredients, state-of-the-art manufacturing facility, rigorous quality testing, and attractive packaging, Swasthum Wellness strives to deliver the highest quality supplements possible. Our commitment to excellence has earned us our reputation as one of [India's top supplement producers](#), with over 10,000 satisfied customers. We continue to innovate and grow while maintaining the utmost quality standards.
