

Covr Security and Shush Inc. Announce Strategic Partnership to Enhance Digital Security Solutions

Covr Security and Shush Inc. to work together to create advanced digital security solutions to better serve their customers.

Malmo, Skane Jul 11, 2024 ([Issuewire.com](https://www.issuewire.com)) - Covr Security and Shush Inc. Announce Strategic Partnership to Enhance Digital Security Solutions

Covr Security AB, a pioneering Swedish cybersecurity firm, is thrilled to announce a strategic partnership with Shush Inc., a leading provider of innovative Network Authentication solutions. Through this collaboration, Covr Security and Shush Inc. will work together to create advanced digital security solutions to better serve their customers.

Covr Security, established in 2015, is renowned for revolutionizing mobile and digital security. Specializing in providing an innovative mobile security management platform, Covr Security primarily caters to sectors necessitating robust customer authentication and privacy, such as online banking, digital payments, and mobile banking. Their platform stands out for its advanced multi-factor authentication methods, offering unparalleled protection against cyber threats.

"We are delighted to collaborate with Shush Inc. to develop advanced digital security solutions," said George Fraser, Chief Revenue Officer of Covr Security. "This partnership represents a significant step forward in our mission to make the internet a safer place for everyone. Together with Shush Inc., we are committed to delivering cutting-edge cybersecurity solutions that provide unmatched protection and peace of mind to our customers."

This strategic partnership between Shush Inc. and Covr Security reflects their shared commitment to advancing digital security and providing exceptional solutions to their clients. By combining their respective strengths and resources, the two companies are poised to deliver innovative cybersecurity solutions that address the evolving needs of today's digital landscape.

"We are incredibly excited to partner with Covr Security to enhance digital security solutions for our

customers," said Eddie DeCurtis, Co-Founder & CEO of Shush Inc. "Covr Security's expertise and innovative approach to cybersecurity aligns perfectly with our commitment to providing cutting-edge Network Authentication solutions. Together, we aim to empower our clients across various industries with secure, seamless digital transactions, fundamentally transforming the way businesses and consumers experience online security. This partnership is not just a collaboration; it's a leap forward in making the internet a safer and more trustworthy place for everyone."
