

Driving Digital Transformation: YCP Consus Teams Up with Xelix to Revolutionize Accounts Payable with AI

New York City, New York Jul 25, 2024 ([IssueWire.com](https://www.issuewire.com)) - YCP Consus is thrilled to announce its strategic partnership with Xelix, a global accounts payable software company. This marks the cornerstone of both companies' efforts to collaboratively enhance business efficiency, streamline processes, and deliver unparalleled value to their clients in the accounts payable space and beyond.

As business and organizational pressures are constantly evolving, there is a growing need for innovative solutions that simplify time and resource-intensive or generally complex tasks. Xelix and YCP Consus, each distinguished for their respective domain expertise, have joined forces to provide unparalleled efficiency in the automation and enhancement of financial control processes.

About Xelix:

[Xelix](#) is an enterprise software company offering an AI-powered Control Centre for Accounts Payable teams. Xelix works with some of the largest global companies to automate and enhance their financial control processes.

Xelix's solution takes the pain out of five core AP processes: overpayment and fraud prevention, master vendor data management, supplier statement reconciliation, vendor query management and AP/P2P reporting. Xelix is easy-to-use, cloud-based and flexible, making it suitable for large organizations across all sectors.

About YCP Consus:

[YCP Consus](#) (formerly Consus Global) is a subsidiary of YCP Holdings, a Singapore-based organization traded on the Tokyo Stock Exchange. With over 800 industry experts in over 25 offices across the globe, YCP has been helping organizations grow, scale, and transform their businesses. YCP Consus has been at the forefront of procurement and supply chain transformations, digital source-to-pay implementations, spend analytics solutions, and customer procurement operations worldwide.

The Power of Collaboration:

By combining Xelix's expertise in accounts payable with YCP Consus' proficiency in procurement, this partnership is set to revolutionize how organizations operate. With Xelix's AI powered software sitting alongside existing finance modules, clients can expect improved cost control, reduced payment risks, and meaningful insights.

What Leaders Say:

"We are excited to partner with YCP Consus and leverage their extensive expertise in procurement and supply chain transformation. As organizations continue to navigate the complexities of p2p digitization, this partnership presents a great opportunity for Xelix to be part of YCP Consus' growing portfolio of technology solutions with our AI-powered accounts payable software."

Paul Roiter,

CEO and Co-founder, Xelix

"Xelix's best in class accounts payable solution coupled with YCP Consus' portfolio of services doesn't just streamline the invoicing process but also revolutionizes it. Together, we're looking forward to helping our customers achieve unprecedented levels of efficiency and accuracy in their financial processes. We look forward to unlocking the full potential of procurement digital transformation in order to drive business impact for our customers."

Saurabh Mehta,

CEO, YCP Consus
