

Ibiza Enters a New Era of Boat Rentals and Charters with All-Inclusive Packages

Sant Antoni de Portmany, Balears Jul 7, 2024 ([Issuewire.com](https://www.issuewire.com)) - In an exciting development for tourists and locals alike, Ibiza is launching a new and innovative approach to boat rentals and charters. This new method offers convenient all-inclusive packages, providing clients with a transparent and straightforward pricing structure from the outset. These packages include the rental of the boat, a captain, and fuel costs, ensuring that customers are not surprised by any additional expenses.

The new charter method is designed to enhance customer convenience by providing clear and upfront information about the total cost of the charter. Clients can choose their destination, such as the western coast of San Antonio or Formentera, and receive a predetermined fuel cost based on their choice. This approach, known as the "convenient charter," eliminates hidden fees and unexpected costs, offering a seamless and stress-free rental experience.

Among the most popular destinations are the western coast of San Antonio, renowned for its stunning beaches such as Calabassa, Cala Conta, and Cala Salada. Another favored option is the sunset cruise, often culminating at the famous Café Mambo. For those seeking a full-day adventure, a trip to the neighboring island of Formentera is ideal, allowing visitors to spend the entire day exploring and dining at beachside restaurants.

Clients can also opt for half-day charters, typically four hours long, or full-day charters of eight hours. These attractive packages cater to various preferences and schedules, ensuring a memorable experience for all.

This new all-inclusive charter model marks a significant shift from the previous practice of quoting a base price plus VAT, captain fees, and uncertain fuel costs. By offering comprehensive packages with no hidden charges, Ibiza sets a new standard in boat rentals and charters, making it easier and more enjoyable for clients to plan their perfect day on the water.
