The event took place from 9:00 AM to 5:00 PM and covered a variety of topics that provided an inside look into Kevin's career and what has helped him continue to move forward professionally.

Speaking to his partners from the Kevin Trudeau Fan Club, Kevin gave an in-depth, behind-the-scenes look into how his time in prison not only helped him grow as a person but would ultimately help him achieve his overall mission. He shared his experiences of his time in prison and how he actually sees these adversities as a blessing for his greater meaning in life.

Additionally, Kevin spoke about how he uses these lessons to guide his elite training courses, which include his highly successful [Your Wish Is Your Command](#) course.

The Kevin Trudeau Fan Club Partner Convention brought in over 200 attendees. They were provided a full lunch and had the chance to get books signed by Kevin himself and take photos with him. Immediately following lunch, attendees had time to participate in networking opportunities with other like-minded individuals who support Kevin Trudeau and his overall mission to serve greater humanity.

Kevin Trudeau originally started the Annual Kevin Trudeau Fan Club Partner Convention as a way to connect more closely with his biggest fans and partners who help support his mission. The convention provides the opportunity to spread his voice and encourage his fans to make the most out of their own lives.

Kevin's message to the world is: "Everyone has unlimited and untapped potential to create the life they choose, as well as Be, Do, and Have whatever they desire."
