

LoveSmile Celebrates 18 Years of Excellence in Dentistry

Pioneering Cosmetic Dentistry and Embracing Innovation

LoveSmile Dental Studio's promise to you:

COMPASSION, TRUST, SKILL, & KNOWLEDGE

Chicago, Illinois Jul 17, 2024 ([IssueWire.com](https://www.IssueWire.com)) - LoveSmile Dental Studio, a renowned dental practice located at 737 N Michigan Ave #2110, Chicago, IL 60611, proudly celebrates 18 years of delivering exceptional dental care. Founded in 2006 by Dr. Steven Fishman, the practice has been at the forefront of dental innovation and excellence, with an unwavering commitment to quality.

After graduating from dental school, Dr. Fishman began practicing with his father, Dr. Irving Fishman.

There, he gained extensive experience and began teaching at Loyola and Northwestern Dental Schools. As cosmetic dentistry gained prominence, LoveSmile embraced the field with enthusiasm and a commitment to mastering new materials and techniques.

Dr. Fishman's dedication to excellence led him to lecture both nationally and internationally and serve on the advisory board of Kerr Sybron, a leading cosmetic dental manufacturing company. His approach emphasizes foundational dental principles to ensure that cosmetic procedures are not only attractive but also comfortable and long-lasting. Throughout the years, LoveSmile has evolved, consistently integrating cutting-edge technology and innovative practices.

The practice's latest advancement includes AI design software developed in collaboration with a colleague in Romania, enabling patients to co-design their smiles with precision and confidence. Reflecting on the journey, Dr. Fishman stated, "My father taught me the importance of adhering to dental tenets established long ago, ensuring that every procedure aligns with proper tooth form, harmonious function, and biologic principles for tissue health. By applying these principles, we deliver cosmetic dentistry that is not only beautiful but also durable."

LoveSmile's current location at 737 N Michigan Ave represents the culmination of decades of experience, featuring a state-of-the-art facility, a carefully selected team, and a commitment to the highest levels of customer service and cosmetic dentistry. The practice combines advanced technology with personalized care to create healthy, beautiful smiles tailored to each patient's unique needs.
