

New Japan Equity Fund Launched by VG Global Holdings

VG Global Holdings are pleased to announce the launch of a new Japan Equity Fund which will focus on capturing capital gains in companies based in Japan.

Taipei Shih / Taipei Hsien, Taiwan Jul 1, 2024 ([Issuewire.com](https://www.issuewire.com)) - VG Global Holdings, the wealth management specialist headquartered in Taiwan, is pleased to announce the launch of a new Japan Equity Fund ("The Fund") which will focus on capturing capital gains in companies based in Japan.

The Fund will offer I (ACC) Share Class and adopt an all-cap approach with a high-conviction growth strategy, and it will seek to profit from long-term capital appreciation from Japanese companies leveraged to benefit from Asia's current consumer growth.

The Fund will look to achieve its investment objective by investing 70% of its net assets in publicly traded common stocks, preferred stocks, and convertible securities, of industry leaders and innovative companies based in Japan which have shown resilience throughout the recent turbulent financial environment, and invest 30% of its assets on a global basis.

CEO Greg Aitken said, "We are pleased to have structured a fund that will capitalise on one of Asia's strongest economies, and we are looking forward to capturing high returns for our clients."

This Fund will be made available primarily to the company's institutional clients or high-net-worth individuals, but it will also be made available to any clients who can meet the minimum entry-level requirements.

ABOUT VG GLOBAL HOLDINGS:

VG Global Holdings is a wealth management company that provides high-quality financial products and exciting investment opportunities to both individuals and institutional entities. We adopt a multi-layered investment philosophy while offering a fully comprehensive service to our clients. We always take a long-term approach to investing in conjunction with a policy of responsible and sustainable investing, and we believe in global diversification in order to create an appropriate investment strategy for each client.
