

Orange Medical Care: Comprehensive Pediatric and Internal Medicine Services for Your Family

Orange Medical Care is your trusted pediatrician clinic in Newburgh, NY. Our dedicated team of pediatric doctors specializes in pediatric care, ADHD in children, asthma in infants, and teenage preventive care.

Newburgh, New York Jul 5, 2024 ([IssueWire.com](https://www.issuewire.com)) - Orange Medical Care, located at 313 S William St, Newburgh, NY 12550, is proud to announce its wide range of pediatric and internal medicine services designed to provide comprehensive healthcare for families. Our dedicated team of specialists is committed to ensuring the health and well-being of children and adults alike, offering a holistic and integrated approach to medicine.

Pediatric and Internal Medicine Excellence

At Orange Medical Care, we understand the unique healthcare needs of children and adults. Our team of experienced pediatric doctors and internal medicine specialists can handle various health issues with expertise and compassion. From routine check-ups to complex medical conditions, our goal is to provide the highest quality of care.

Key Services Offered:

- **Pediatric Care:** Our pediatricians are dedicated to the health and development of your child. We provide comprehensive care from infancy through adolescence, ensuring each child receives the personalized attention they need.
- **Internal Medicine:** Our internal medicine services cater to adults, providing preventive care, diagnosis, and treatment of a wide range of conditions. Our focus is on maintaining overall health and managing chronic diseases.
- **ADHD in Children:** Early diagnosis and treatment of ADHD are crucial for a child's development and well-being. Our specialists offer tailored treatment plans to help children thrive academically and socially.
- **Asthma in Infants:** Managing asthma in infants requires specialized care. Our team provides effective treatment and management plans to ensure your child's respiratory health.
- **Teenage Preventive Care:** Adolescence is a critical period for preventive healthcare. We offer comprehensive screenings and guidance to support teenagers' physical and mental health.
- **New Parents Counseling:** Becoming a parent is a joyous but challenging journey. Our counseling services provide new parents with the support and knowledge they need to care for their newborns.
- **Addiction Medicine:** Addressing substance abuse is vital for a healthy community. Our addiction medicine services offer compassionate care and effective treatment options for individuals struggling with addiction.
- **Holistic and Integrated Medicine:** We believe in a holistic approach to healthcare. Our integrated medicine services combine traditional and alternative treatments to promote overall well-being.
- **Pediatric Obesity:** Childhood obesity is a growing concern. Our specialists offer comprehensive weight management programs to help children achieve and maintain a healthy weight.
