

Sandstorm Is the Ultimate Destination for Japan's Best Digital Human and Character Production

Founder Maniacarta over 20 years of experience in the gaming industry has established SANDSTORM Inc, in Tokyo, helping startup companies aboard to access the Japanese market to bring a strong impact and high-fidelity visuals to the market.

Tokyo, Japan Jul 4, 2024 ([Issuewire.com](https://www.issuewire.com)) - Character production can make or break a game, or any piece of art. Visual appeal is a major part of any online gaming community and Sandstorm has been nailing in the category of creating digital humans and game development. This is a detail-oriented team of game developers, artists, and designers who offer AAA standard game and digital human development. The team is born from a passionate drive to create exceptional gaming experience and with years of creative pursuits, Sandstorm has become Japan's top digital human and character production.

The platform was made for patient artists, people who love art and have the restraint to learn new technologies and tools. Using the platform will also help artists learn and develop new useful skills that will shape new ways of creativity and vision, becoming a powerful source that inspires others. With a team of passionate, extremely talented, and creative minds, Sandstorm can bring high-level unique visuals to the gaming industry. The studio encompasses a team of industry professionals with years of experience and a hunger to constantly develop their creativity and skills. They possess a great eye for detail, and a commitment to deliver utter excellence. The members of Sandstorm are also always looking for talents who want to shape the industry norms by following the team's vision. Know more at: <https://sandstorm.co.jp/>.
