

SEBA Announces New partnership with LiquiDonate to Foster new Leadership initiatives with donations

At SEBA, we believe changing the future starts with shaping young minds. It's about fostering respect, dignity, character, and honesty, not physical intervention.

Tucson, Arizona Jul 23, 2024 ([Issuewire.com](https://www.issuewire.com)) - SEBA Announces New partnership with LiquiDonate to Foster new Leadership initiatives with donations

Arizona – SEBA (Supporting Education Business and Achievement) is excited to announce a series of new initiatives aimed at transforming the culture of high school education through leadership development, mentoring, and mental health support.

About SEBA

SEBA is dedicated to cultivating student leaders by promoting work ethics, character development, and personal responsibility. Our focus is on peer-to-peer interactions and life skill development, offering tailored training programs designed to enhance critical thinking, problem-solving, teamwork, and effective communication among students.

New Initiatives

Our new initiatives include:

- **Leadership Training Programs:** Comprehensive courses designed to develop leadership

skills in high school students, equipping them with the tools needed to lead effectively and ethically.

- **Mentorship Programs:** Connecting students with experienced mentors to guide their personal and professional growth.
- **Mental Health Support:** Providing resources and support systems to address the mental health challenges faced by students, fostering a supportive and resilient school environment.
- **Community Collaboration:** Partnering with community groups, nonprofits, and businesses to create a comprehensive support system for students, addressing issues like bullying and promoting a positive school culture.

Impact on the Community

These initiatives aim to empower students to become future leaders who can make a positive impact on their communities. By investing in the development of young leaders, SEBA is contributing to a brighter future for all.

"We believe that by equipping students with the life skills and support, we can create a generation of leaders who are not only successful but also compassionate and ethical," said **Walter Hill**, Executive Director of SEBA.

Disney Petit, Founder and CEO at LiquiDonate shared "The donation of physical goods to people who need them at the right time in the right place through the adoption of the LiquiDonate platform can be a game-changer for organizations that support their community members beyond the services they already provide today without having to dip into their donor dollars, stretching their impact further than ever before."

Join Us

SEBA invites parents, educators, community leaders, and all stakeholders to join us in our mission to transform the future of our youth. For more information, visit www.seba-leadership.org

About SEBA

SEBA (Supporting Education Business and Achievement) is committed to fostering leadership and personal development in high school students through a combination of training programs, mentorship, and mental health support. Our goal is to create a supportive school environment that strengthens bonds between students and prepares them for future success.

About LiquiDonate

[LiquiDonate](#) is a sustainable social impact solution for retailers, businesses, nonprofits, and community organizations. The platform matches unsellable items with local nonprofits, saving large retailers billions of dollars every year while helping them meet their ESG goals.
