**Noida, Uttar Pradesh Aug 3, 2024 ([IssueWire.com](https://www.issuewire.com))** - AG Organica is a prominent [cosmetic manufacturer and supplier](#) based in Noida, India, specializing in a wide range of natural and organic products. The company offers services such as contract manufacturing, private labelling, and bulk supply, catering to both domestic and international markets.

### Overview of AG Organica

**Established:** AG Organica was founded in 2019, building on the legacy of **AG Industries**, which has been operational since 1994.

**Product Range:** The company manufactures a diverse array of products, including skincare, haircare, essential oils, and personal care items. Their offerings include anti-wrinkle creams, lip balms, cleansers, and various cosmetic products like lipsticks and eyeliners.

**Quality Standards:** AG Organica adheres to strict quality control measures, ensuring that all products

meet international safety and quality standards. They are certified under ISO and GMP guidelines, which enhances their credibility as a cosmetic exporter and bulk supplier.

## Services Offered

**Private Labeling and Contract Manufacturing: AG Organica** provides tailored solutions for brands looking to launch their cosmetic lines. This includes custom formulations and packaging options designed to meet specific client needs. **Bulk Supplier and Exporter:** The company is recognized as a reliable bulk supplier and exporter of cosmetic products, ensuring timely delivery and compliance with regulatory standards for international markets.

**Research and Development:** With a strong focus on innovation, **AG Organica** invests in R&D to develop new formulations and improve existing products. Their advanced facilities enable them to create market-ready products efficiently.

## Commitment to Sustainability

AG Organica emphasizes the use of natural ingredients and sustainable practices in their manufacturing processes. This commitment to quality and ethical sourcing positions them as a leader in the organic cosmetics market in India.

In summary, **AG Organica** stands out as a comprehensive cosmetic manufacturer and supplier, offering a vast range of products and services tailored to meet the evolving needs of the beauty industry. Their focus on quality, innovation, and customer satisfaction makes them a preferred partner for brands looking to enter or expand in the cosmetics market.

**AG Organica Cosmetic Manufacturer & Bulk Supplier**

We are best quality of Tea Tree Oil Manufacturer & Wholesale Suppliers in globally. AG Organica is the leading manufacturer, distributor & supplier of bulk orders of tea tree oil. The leaves of the Melaleuca alternifolia plant are used to make this oil. Melaleuca alternifolia, or tea tree, leaves are the source of tea tree oil. It grows along the marshy southeast coast of Australia. The seventeenth-century sailors who used the tea tree's leaves to make tea flavored with nutmeg gave the tree its name.
