

Are You Ready to Unleash the Power of PYPROXY Static Proxies?

Why Choose PYPROXY Static Proxies?

The screenshot shows the PYPROXY website's 'Static Proxies' section. The header includes navigation links like 'Locations', 'Compliance Statement', 'Product', 'Pricing', 'Get Proxies', 'Use Cases', 'Help Center', and 'Program'. A search bar is present with the email '2465324895@qq.com'. The main heading is 'Static Proxies' with a subtext: 'High-quality proxies facilitate growth opportunities for various types of businesses.' Below this are two buttons: 'Static ISP Proxies' and 'Dedicated DC Proxies'. The main content area is divided into two panels. The left panel, titled 'Countries and Regions', shows a list of countries under the 'Africa' category. Each country entry includes a flag, the country name, the price per IP (\$3/IP), the total number of IPs available, and a plus icon. The right panel, titled 'Summary', shows the selected duration as 'WEEK', the total IP count as 0, and the total price as \$0. A 'Buy Now' button is at the bottom right.

Country	Price per IP	Total IPs
Mali-Bamako	\$3/IP	493
Ghana-Accra	\$3/IP	489
Congo-Kinshasa	\$3/IP	243
South Africa-Johannesburg	\$3/IP	456
Kenya-Nairobi	\$3/IP	223
Mozambique-Maputo	\$3/IP	451
Eswatini-Mbabane	\$3/IP	247
