

Ethika Insurance Broking Launches Online Workmen's Compensation Insurance

Ethika Insurance Broking is pleased to offer an online marketplace where businesses can buy workmen's compensation insurance cover. This new system will enable companies to effortlessly provide security against vocational accidents & injuries.

Delhi, India Aug 7, 2024 ([Issuewire.com](https://www.issuewire.com)) - Ethika understands that today's businesses need solutions that are fast and easy" says Sandeep Mukka, one of the co-founders of the company. Adding, "our new online platform is exactly that: built to help all-sized businesses find the right coverage, quickly"

Salient Features of Ethika's Online Workmen Compensation Insurance Policy:

- The probability of getting hurt while at work is significantly on the higher side. Recognizing this, Ethikas' online insurance offers medical extension benefits, disability coverage, and the cost of rehabilitation in case a worker is hurt at work. This secures the worker in case he encounters an accident while working.
- Since every business is different, Ethika allows employers to avail of [workmen compensation insurance policies](#) that are fully customizable. Any employer can customize the coverage with respect to risks specifically relevant to their industry and workers.
- The claiming procedure has been quickened through an online channel. Online claim submissions by employers/employees, real-time status viewing, and quick settlements are its key features.
- Ethika Insurance Broking comes with a professional team of insurance companies that are there to guide the customers through every step; from choosing the right policy to raising claims-expert support, everything is available at the click of a button.

This workmen compensation insurance policy by Ethika provides complete coverage for employees to get the right treatment and financial support after having incurred work-related injuries or illnesses, when they are on the job. It creates a secure working environment whereby the cases of employees, upon certain mishaps, are treated as fast and appropriately as necessary for their rehabilitation and reintegration into work. Employers will be confident and satisfied that their workforce is well taken care of, this in turn improves efforts and morale.
