

GAM Tech Acquires Cyber Tech 360: Expanding Expertise and Innovation

Calgary, Alberta Aug 6, 2024 ([IssueWire.com](https://www.issuewire.com)) - GAM Tech, a leading provider of managed IT solutions and professional services, is thrilled to announce its acquisition of Cyber Tech 360, a recognized leader in cybersecurity services and advanced managed IT solutions. This strategic acquisition broadens GAM Tech's service offerings, resulting in a comprehensive portfolio to better service small and medium-sized businesses across Canada.

The combined company will operate under the GAM Tech brand. Cyber Tech 360 will be fully integrated into GAM Tech, with all customers transitioning to GAM Tech's services. This integration ensures continuity of service and vision, delivering an exceptional customer experience while expanding the range of solutions available to clients.

Darrell Christensen, the former CEO of Cyber Tech 360, will transition to the role of Account Manager at GAM Tech, ensuring a smooth transition and continued high-quality service for Cyber Tech 360's clients.

This acquisition enhances GAM Tech's service capabilities, expanding its portfolio and market reach across Canada. The integration will begin immediately, with billing moving to GAM Tech right away, and technical details being addressed in the coming months.

About GAM Tech

At GAM Tech, we're passionate about understanding your business and driving your success. We offer innovative IT solutions—consulting, network infrastructure, cloud computing, and cybersecurity—tailored to your unique needs. Our expert team builds partnerships, addressing challenges and fostering growth to ensure we don't just provide solutions, but deliver success.

About Cyber Tech 360

Cyber Tech 360 provides IT support and management to small and medium-sized businesses. Our experienced team serves a wide range of clients, including healthcare, manufacturing, and non-profit sectors. Based in Lacombe and Red Deer, we are dedicated to using modern IT solutions to ensure an exceptional user experience.
